Love That Car

TMR is one of Australia's most diverse and successful motoring and motorsport businesses, and one of the most recognisable brands in motorsport. Led by renowned motorsport Team Manager Alan Heaphy, whose motorsport experience spans more than 20 years, TMR's success stories includes wins in the Australian Rally Championship, tarmac rally events such as Targa Tasmania, and TMR's crowning glory, back-to-back outright victories, including a 1-2 finish at the 2008 and 2009 Bathurst 12 Hour endurance races for production cars.

In 2010, TMR won the inaugural Eastern Creek 6 Hour for Production cars and the 2009, 2010 and 2011 Manufacturers Championships. In recent years, TMR has expanded its performance enhancement range for road-going, street-legal cars, both in regard to accessories, and complete turn-key cars.

From the Mitsubishi Colt Ralliart, the TMR 380, to TMR's own designed and developed Bathurst Edition Evolution, TMR's Crew has established a reputation as 'the' expert in Mitsubishi performance tuning, in Australia and around the world. TMR developed the 'Bathurst Edition' Lancer Evolution, in celebration of it's back-to-back Bathurst 12 Hour victories. TMR has also developed an enhancement package for the Mitsubishi Triton, rivalling Toyota's successful TRD Hilux.

TMR has professional, high quality 'specialized dealership' with both full-time and casual staff. Staff who are dedicated to customer service. The TMR facility is where all customers are always welcome.

Disclaimer/Warranty

Prices indicated include GST and may change without notice. TMR Australia endeavour at all times to use only quality parts. It is important to note that your vehicle manufacturer's warranty may be voided by the fitment of TMR Australia Products. You should therefore check with your vehicle manufacturer to confirm this position. TMR Australia products may change the driving characteristics of your vehicle. It is therefore important that you carefully consider and make proper enquiries about the effect the fitted products may have on the performance, durability and safety of your vehicle. It is important to note that in some circumstances the TMR Australia part fitted or modification done may also have some effect to the Australian Design Rule, (ADR), as set down by the Department of Transport, (DOTORS). No warranty is offered unless specified on this invoice, and when specified TMR Australia liability pursuant to any claim or demand by you whatsoever in relation to the TMR Australia products shall be limited, (a) repair or replacement of the product or (b) a credit or refund of the price you paid TMR Australia for the supply and fitment of the product.
